Subject: Approval of Request for Timeframe Extension, Notice of Intention to Commence Large Mining Operations, Lakeview Rock Products, Inc., Lakeview Quarry, M/035/020, Salt Lake County, Utah

Dear Mr. Larsen:

On March 29, 2004, we received your letter requesting a time extension until April 23, 2004, to submit your latest technical review response. Our original deadline was for March 31, 2004. You indicated that you have been meeting with your consultant and Staker & Parsons recently to coordinate the details of your reclamation plans that must ultimately coincide, due to the close proximity of your respective operations.

We understand the need to work jointly with your neighbor and JBR to develop sound mining and reclamation plans for both operations. Therefore, we believe your request is justified. *The Division hereby approves your time extension request until April 23, 2004.*

We look forward to the receipt of your supplemental technical response. Thank you for your cooperation and patience in finalizing this permitting action. Please call me if you have any questions in this regard.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
